

Inside the Audit & Assurance Team

Our Team

We're the people businesses rely on to bring clarity, integrity and insight to their financial reporting.

Working closely together, we deliver clarity and confidence to stakeholders through a broad range of technical services, including financial statement and compliance audits, governance, risk and controls advisory and technical accounting support.

We collaborate with not-for-profits, government agencies and private companies, giving our work real purpose and impact. The breadth of industries we work with, combined with evolving standards and real-world reporting challenges, keeps our work dynamic, stimulating and genuinely rewarding.

Our culture is collaborative, inclusive and built on learning and shared success. From day one, you'll gain hands-on experience and meaningful responsibility, supported by mentoring at every level.

How We Work

At Vincents, collaboration goes beyond your immediate team.

- **Engage with specialists across the firm**, including forensic accountants, tax experts, business advisors and lending specialists, to tackle diverse and complex client matters.
- **Gain exposure to work that spans multiple service lines**, with opportunities to contribute to cross-functional solutions and learn from different areas of expertise.
- **Access firm-wide training beyond your core area**, including technical sessions led by other divisions and practical workshops on communication and productivity.
- **Stay connected** through team coffees, lunches and social events - celebrating milestones together and supporting one another through busy periods.

A Snapshot Of Our Impact

- **Delivered financial statement audits of a diverse client base**, enhancing key stakeholder confidence and ensuring regulatory compliance.
- **Conducted a compliance assurance engagement for the Australian Government** on a number of private schools compliance with the Australian Education Act 2013, identifying improvements to strengthen governance, financial accountability and regulatory adherence.
- **Evaluated a retail precinct' compliance with environmental and social reporting requirements** under its agreement with one of Australia's largest banks, providing comfort over the precinct efforts to improve environmental, social and governance responsibilities.

What Our Clients Say

"Vincents Audit & Assurance' professionalism has shone through with each year's audit being completed on time and on budget, due to excellent pre-audit planning and constant communication with our accounting team. This excellent communication mantra means questions are answered quickly and efficiently. Their technical skills have ensured any potential complex accounting standards issues were identified early and dealt with appropriately."

Howard Smith Wharves Group

"Vincents Audit & Assurance have always been professional, knowledgeable and empathetic of our business and its needs. We have had many changes to our business model over these years and Vincents Audit & Assurance have been supportive and accommodating and eager to assist to the changing environment within our business."
